## GRDSdata

GRDSdata is one of the leading sources of global industry information. The interactive platform provides you with unlimited and immediate access to invaluable industry data from across more than **100 industries** and **90 countries**.

The **main industries** currently covered in GRDSdata include, among others:

Automotive, Aerospace &  
Transportation  
Chemicals  
Clothing and Textiles  
Construction and Mining  
Consumer Goods

Electronics  
Food and Beverages  
Furniture and Furnishing  
Glass  
Machinery and Equipment  
Manufacturing  
Materials

Medical Devices  
Metals  
Optical Goods  
Pharmaceuticals  
Plastics and Rubber  
Wood

Global Research & Data Services

**Gain a clear perspective on the actual market situation,  
trends, and future outlook for the industries and countries  
that interest you**

Global Research & Data Services

**The industry data helps you find answers  
to such key questions as...**

GR & DS

- What is the current market size for your product of interest globally and in different countries?
- How are the markets divided into different product segments?
- How are the overall market and different product segments growing?
- How are the markets predicted to develop in the future?
- What is the market potential between different countries and product segments?

GR & DS

Global Research & Data Services

**Among the many business-critical reasons  
to subscribe include...**

GR & DS

- Gaining a deep insight into the historical development, current market situation, on-going trends, and future outlook of the markets
- Tracking industry trends and identifying market opportunities
- Planning and developing marketing, market-entry, market expansion, and other business strategies by identifying the key market trends and prospects
- Saving time and money with the readily accessible key market data included in the platform. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.
